

## DEGREES GIVEN A. C. STUDENTS

Commencement Exercises  
Open; Idaho Educator  
Talks to Graduates

(Special Dispatch.)  
LOGAN, May 27.—The twenty-ninth annual commencement of the Utah Agricultural college began today when President H. U. Upham of the University of Idaho delivered the address to the graduating class.

President Upham spoke on the subject, "The Essence of Scholarship." "Never before in the history of the world have we seen the people in general to draw a distinguishing line between the scholar and the man of affairs," declared President Upham. "We have coined a word within the last few years to characterize what we conceive as a scholar. We call him a high-brow. But the gentleman and the scholar, the man about town and the scholar, can be and should be one and the same." President Upham then proceeded to give what he called a true definition of scholarship.

**PRESIDENT IVINS SPEAKS.**  
President A. W. Ivins of the college board of trustees, in a short address, declared that schools are the training camps which prepare the young men and women for life without this special training is seriously handicapped. "At commencement you are just ready to put into practice the knowledge you have been so long in acquiring," President Ivins told the graduates. "Be sure, as you start upon one of the highways of life, that you select a road that leads to success and not one that leads to some impossible abyss. It has been my personal experience, gained through long years of association with my fellow men, that whatever stands still deteriorates and decays. We must continually go forward to greater heights."

The class of 1932 was represented upon the program by Maurice B. Linford, graduate in agriculture, who gave a paper on the "Relation of Plant Pathology to Human Welfare."

**S. L. WOMAN NAMED FOR FEDERAL POST**

WASHINGTON, May 27.—Jennie P. Musser, of Salt Lake, was nominated today to be collector of customs for district number 48, with headquarters at Salt Lake City.

SALT LAKE, May 27.—Mrs. Musser resides at 114 Canyon road. She was formerly employed in the office of Dr. Ross Anderson. She was prominent in Republican women's circles. Burton W. Musser and J. W. Musser of this city are brothers-in-law. The appointment was made by the U. S. Collier. The latter was appointed to fill out the term of Thomas F. Thomas, who resigned.

## CHICAGO CHIEF FLAYS JUDGE

Labor Leaders' Release on  
Bond Enrages  
Fitzmorris

CHICAGO, May 27.—"Big Tim" Murphy and Fred Mader, labor leaders charged with instigating the bombings and murders in Chicago's "labor war," today were released from the county jail after 11 days of confinement when Judge Harry B. Miller granted their petition for a writ of habeas corpus.

The bonds were set at \$75,000 each. Thomas Carey, a retired bricklayer, scheduling property valued at \$200,000 to guarantee their appearance when the trial starts. Mr. Carey, however, refused to put up the bonds until Murphy and Mader had agreed to have nothing more to do with the Chicago building trades council, which it has been alleged they controlled in the fight against the unions accepting the Landis building trades wage award. Both agreed to the terms.

"I am insisting on these conditions in order to help the building trades unions," said Mr. Carey. "If either of these men breaks the agreement the bonds will be withdrawn at once."

Mr. Carey, while describing himself as a "retired bricklayer," for years was a prominent politician, at one time being a candidate for mayor. He is chief owner of several large brick manufacturing concerns in the city.

Chief of Police Fitzmorris commented vehemently when informed that Murphy and Mader had been released.

"Tommy O'Connor will be sore as the dickens to think that he used a gun to get out of jail when he could have obtained his freedom so much easier," said the chief.

"Judge Miller cannot blame this on the police department any more than he can blame it on judges who refused to sit with him and confer in such a decision."

"I have often wondered about Judge Miller. I don't wonder any more."

**MINING CAMP TO HONOR HERO**  
Rev. Carver to Deliver Address on First Utah Killed in War

The Henry Holsworth Post of the American Legion at Hawatha has erected a monument in honor of Henry Holsworth, one of the first Americans to give his life in the recent war, and the first Utah boy to make the supreme sacrifice. Elaborate plans have been made for the dedication of this monument on Decoration day. The miners have united in building the monument and strikers and miners alike, will unite in patriotic services at the dedication.

The dedication address at the unveiling of the monument will be delivered by the Rev. John Edward Carver of the First Presbyterian church of this city. Mr. and Mrs. Carver will motor to Hawatha Monday. Tuesday the fraternal bodies of Price hold memorial services at which time the Rev. Mr. Carver will give the sermon.

**VESSELS END NAVAL CAREER**

**Dramatic Ceremony at San Diego as Ensigns Are Lowered**

SAN DIEGO, Calif., May 27.—Six United States destroyers, representing a total construction cost of \$9,000,000 and comprising the eighteen divisions of the Pacific destroyer force, were raised today from the active list of the navy in one of the most dramatic ceremonies ever seen in these waters.

A few minutes before the Stars and Stripes were lowered, Rear Admiral Guy B. Burge, destroyer force commander, led his officers and men in giving three cheers for the division. Then as the cruiser Charleston's band played the national anthem, the officers and men, grouped on the war craft, stood rigidly at attention.

As the note of the anthem were dying away the six quartermasters and signal men on the destroyer slowly lowered the ensigns. The officers and crew personnel will be distributed to other vessels in active service.

The great seal herd of the North Pacific, under adequate protection, has increased to 600,000.

**CHILD CRUSHED TO DEATH BY TRUCK**

SALT LAKE, May 27.—Frank Harrison, 3, son of Carl Harrison, electrician at the Murray smelter, was run over and instantly killed by an automobile truck driven by John E. Carlson shortly after 2 o'clock this afternoon. The child was playing around the rear of the truck, which was loaded with heavy iron castings and which was backing into the street from the yard of George E. Jenkins undertaking establishment. According to the police the boy had been warned by the driver to keep away from the truck. One of the rear wheels passed over the child's head, crushing it.

## AFTER KILBANE'S SCALP

EUGENE CRIQUE "PEPPER" MARTIN

NEW YORK, May 27.—Eugene Crique, French featherweight champion, is coming to America, seeking a fight with Johnny Kilbane, "Pepper" Martin, here already, because here's where he belongs, wants a fight with Johnny, too.

At Lippe, the boxing manager, who's seen Eugene perform, says he's the best man Europe has produced since Jim Driscoll; also a rarity for a European pugilist—aggressive. He knocked out Joe Mandel when Joe was at his best, being 137 pounds, though himself only 119½. He's 5 feet 7½ inches tall, therefore very thin, wire sinews and steel muscles.

"All I want to fight Kilbane for is his title," says "Pepper." "Give me the articles to sign and \$1 to make the fight. He's 5 feet 5½ inches tall and weighs 126 pounds."

**MAX OSER TO VISIT CHICAGO**

Heiress Will Not Sail for Switzerland as Expected

CHICAGO, May 27.—Max Oser, Swiss horseman of Zurich, whose engagement to Miss Mathilde McCormick, 17-year-old granddaughter of John D. Rockefeller, startled American society when it was announced several months ago, plans to come to Chicago in June, according to reports reaching here.

At the same time, Miss McCormick prepared to leave for New York in company with Miss Julia Mangold of Zurich, who sails for Europe next week. It had been expected that Miss McCormick would return to Switzerland with her friend, but Miss Mangold said she was not.

This news came on the heels of the appointment of Miss McCormick's divorced father, Harold F. McCormick, head of the International Harvester company, as her guardian.

At the McCormick home no one pretended to explain the new situation as a result of the guardianship petition. The question whether the appointment was made as a means of breaking the engagement or hastening the marriage remained unanswered.

"I will do what my guardian is supposed to do," Mr. McCormick said. "I will conserve her interests. I was appointed at her request and I do not wish to say a word more about it."

**LENINE CRITICIZES RUSS CONCESSIONS**

MOSCOW, May 27.—Nikolai Lenine, the soviet premier, has sharply criticized, in an article in the Pravda, the concessions made by delegates of the Third International to the non-Communist internationales in the recent conference at Berlin.

The Russian delegates, said Lenine, made a mistake in promising that members of the Socialist Revolutionary party, now imprisoned in Russia and who are to be tried soon for plotting against the life of Lenine and to death. It was also a mistake, he declared to promise that representatives of the non-Communist internationales would be permitted to attend the trials.

He said there were victories gained by the bourgeoisie over Karl Radok and the Russian Communist delegates at the Berlin conference where the various internationales decided to endeavor to present a united front against capitalism.

Nevertheless, Lenine said, this promise, having been made, must be kept.

The Russian Communist party, in resolutions adopted at its recent congress, made it exceedingly plain that this attempt at rapprochement with the other internationales outside of Russia did not mean that the Communists inside were to have any dealings with the opposition Socialist parties within Russia.

**FUNERALS**

The funeral of Parley D. Morris will be conducted today at 2 o'clock in the First Church by the Rev. W. L. Meltinger. The body may be viewed today until 5 p. m. at the residence, 2329 Quincey avenue. Interment will be in the City cemetery.

Funeral services for Mrs. Annie Rohrer were conducted Saturday in the Second ward chapel by Counselor E. J. Jensen. Speakers were President G. E. Browning and Patriarch Charles High, outlander. Bishop J. E. Valentine, Bishop J. A. Fishburn and President W. C. Horsley, Brigham and Counselor Jensen. Mrs. Annie Jensen sang, "O My Father" and "Resignation." Mrs. Alma Peterson sang, "My Loved One Rest" and Mrs. Hazel Fleming sang "Perfect Day." The Reller society attended in a body. The cortege proceeded to Brigham City where burial was made.

In 1921 approximately 2,000,000 gallons of gasoline were produced a day.

## PLAN TO LIMIT TALK DISLIKED

Few Senators in Favor of  
Cloture During Tariff  
Debate

WASHINGTON, May 27.—Although the question still is open, it became increasingly probable after a conference today of Republican senators that the move to invoke cloture during consideration of the tariff bill would be unsuccessful. With the Democrats regarded as solidly against the proposal, an informal canvass on the Republican side, leaders said, showed that a sufficient number of Republicans were in opposition to defeat a cloture rule in connection with the tariff.

**PETITION CIRCULATED.**  
Cloture advocates, failing to obtain a party declaration at today's conference in favor of the rule, circulated a petition for signatures to a statement placing senators behind the cloture movement but leaving to the Republicans conference the time it should be brought forth. A score of senators were reported as having signed the petition which probably will be presented at a third party conference called for next Wednesday.

While the cloture fight continued under the surface, the senate resumed its struggle with the tariff bill, disposing of committee amendments to one paragraph, that dealing with duties on steel wire and wire rope. The Democrats joined at times by some Republicans, made a strenuous fight against the increase proposed, but without success.

**FURTHER REDUCTIONS.**  
The committee, however, receded from all of its original recommendations, cutting the rates proposed, and Senator Charles McNary, Republican, North Dakota, in charge of the bill, intimated that some further reductions might be proposed when the senate took up this paragraph for a final vote. He said committee amendments in the entire bill have been disposed of.

**MORE EVIDENCE AGAINST DORAN**

'Writings' Connect Suspect With Taylor Murder, Authorities Say

POUGHKEEPSIE, N. Y., May 27.—"Writings" found in the clothing of Frank (Mac) Doran, held by the local police on second degree assault and other charges for holding up a taxi-driver connect the man with the murder in Los Angeles of William Desmond Taylor, motion picture director, county authorities said tonight.

They refused, however, to make public the nature of the newly discovered "writings."

Doran was tonight being held for the grand jury on charges of second degree assault and carrying a revolver without a permit.

LOS ANGELES, Calif., May 27.—District Attorney Thomas Lee Woolwine said today he had received a telegram from the district attorney at Poughkeepsie, N. Y., stating that a photograph and finger prints of Frank Doran, held there in connection with the William Desmond Taylor case, had been forwarded to Los Angeles. He said he had no further information about Doran's arrest and had no idea of how the prisoner was concerned in the case, if at all.

**WILSON AUTOGRAPHS BOOKS FOR SCHOOL**

**WASHOUT HOLDS UP RIO GRANDE TRAINS**

SALT LAKE CITY, May 27.—Interruption of traffic on the Denver and Rio Grande Western railroad resulted today from a washout Friday night at the Soldier Summit terminal, Utah, caused by a spring freshet sweeping down the mountains and across the tracks at a point where the culverts were not sufficiently large to carry the flow. East and westbound trains were stopped on either side before any reached the damaged section of the track.

**CLUFF'S OPINION**

In answer to a request from William Houston, in charge of the strikers of Carbon county, as to the rights of the striking miners, H. H. Cluff, attorney general said:

"No individual has any right whatever to in any manner interfere with or attempt to intimidate any other individual from working as he may desire. Threats of violence of any kind, coming from operators or strikers or any other source, are strictly unlawful."

FEAR TROUBLE IN COAL CAMPS

Governor's Plan Fails, Special Deputy Reports at Conference

SALT LAKE, May 27.—In not one instance, according to a report made today by D. M. Adamson, special deputy sheriff in charge of affairs at Scottsfield, Carbon county, has the plan of Governor Mabee, agreed upon May 19 at the conference between coal operators, representatives of the miners and others held at the capitol building, been carried out. Special Deputy Sheriff Adamson was called before the governor to make a verbal report.

This plan called for the revocation of commissions as officers of the mine guards and the disarmament of all aliens. Mr. Adamson stated that he had never received an order to carry out the plan and that no county official had ever called upon him for conference. During his talk with the governor, the commissioners of Carbon county came in and they joined the conference in the governor's office.

**NO OVERT ACTS**

"Not an overt act has been committed in Carbon county that would warrant the executive in calling out the national guard to Carbon county," said Governor Charles E. Mabee to the county commissioners.

"The commissioners of Carbon county," said the governor after the conference, "discussed the question of financial assistance upon the part of the state in that the commissioners said that the county was broke and could not maintain the cost of keeping the number of deputy sheriffs that have been appointed. They did not ask me to call out the guard for the reason that there is no necessity of so doing."

**FEARS TROUBLE**

Following the conference today, Special Deputy Sheriff Adamson said he told the governor he feared that as soon as the deputy sheriffs were removed there would be trouble at Scottsfield. He said there had been two shooting "scrapes" and that the men involved had their weapons returned to them. He thought Carbon county resources were really exhausted before an attempt was made to employ special deputies. By this, he said, he meant not only in cash but in man power in that it was his opinion the populace in the Scottsfield camp was sympathetic toward the strikers.

**THREATENING LETTERS**

Adamson said that mine guards and officials were in suspense, having received threatening letters. However, in so far as he was concerned, he said he had been treated courteously by operators and strikers alike. He could not say what the temper of the strikers would be if the national guard were sent to the mining fields. It might prove advantageous and then again it might precipitate trouble.

**PRIVATE PROPERTY**

"When postoffice and private property are leading up to a postoffice so that individuals reach such postoffice without passing upon private property, my opinion would be that the property would have the right of a peace officer to cross his or its property to the postoffice. If a public lead to the office, then all equal right to come and go."

**CAN PARADE ON HIGHWAYS**

"There can be no question as to the right of a peace officer to assemble or parade publicly on public highways, providing assembly or parades do not in the nature of a riot, and then there can be no question as to the right of a peace officer to assemble and to call upon to assist."
